CommunityMatters

\$22.00 – includes postage, handling and GST

The *CommunityMatters* DVD has been designed as a professional development tool. It focuses on the theme of diversity, as presented in the *CommunityMatters* booklet.

The DVD demonstrates good school and classroom practice in valuing diversity and working within a Health Promoting Schools Framework. It shows the contribution of families and communities can make to student mental health and wellbeing.

The DVD advocates a school ethos in which optimism and resilience, connectedness, trust, safety, empathy, respect and help-seeking are central.

The DVD was declared 'Best Indigenous Resource' at the 2005 ATOM (Australian Teachers of Media) awards. The ATOM film, television and multimedia awards recognise the achievements of Australian and New Zealand professionals, educators and students.
